

JIM TOBIAS

Jim Tobias has thirty years experience in accessible and usable technology in both public and private sectors. He has focused on how technologies are designed and used in education, employment, and civic participation.

Jim has a Master's Degree in Industrial Design and is President of Inclusive Technologies, a technology analysis consulting firm specializing in accessible information and communication technologies.

Jim has served on several advisory committees, including co-Chairing the Access Board's committee on updating accessibility requirements in Sections 255 and 508.

TITLE OF THE PRESENTATION:

IMPLEMENTING UNIVERSAL DESIGN: PHASE 2
